## MONEY TIP FOR KIDS: SAVE WITH A PLAN!

Saving money is more fun when you think ahead! Whether you are dreaming of a new video game, a bike, or even a car one day, you will need to plan how you will save for it – such as doing chores around the house or yard work for family and friends. Start by picking something you want and think about how much it costs and when you would like to buy it.

Next, make a simple budget—or talk with a grown-up about where you can store your savings, so you can watch your money grow over time – such as your DoverPhila Kids Club account. And here is something magical: when your money is in a savings account, it earns interest—even interest on that interest! That is called compound interest.

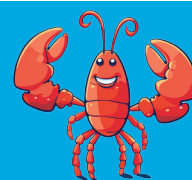

**Best part?** Your money is protected in an insured account at DoverPhila Federal Credit Union.

## FUN FACT!

Lobsters have  
blue blood.

## FALL/WINTER ACTIVITY:

As the temperatures drop, natural food sources for birds become scarce. By keeping your bird feeders filled through the winter months, you provide essential nourishment that helps birds survive the cold and return in spring.

Want a fun way to support them? Try making a simple pinecone bird feeder:

1. Gather a few large pinecones.
2. Tie a string or ribbon around the top for hanging.
3. Spread peanut butter (or shortening for nut-free) into the pinecone's crevices.
4. Roll the pinecone in birdseed until it's well coated.
5. Hang it outside on a tree branch where birds can enjoy.

It's an easy, family-friendly project that makes a big difference for your backyard wildlife!
